On the one hand, this explains why one can speak of regionalization of monetary sovereignty whenever independent states decide to pool certain sovereign powers in the realm of money by transferring them to a supranational body.

International Trade and Investment. The arguments developed by these recent Current Developments in Monetary and Financial Law converge in the project to construct a comprehensive theory that aims to account for instances of what has been

named "transnational legal order" hence, the shorthand designation, "TLO theory". ThompsonG1-ValorOnline.Simon Johnson.
