While it may be true that intuition is valuable in routine or familiar situations, informed intuition is the result of deliberate practice. Practice in a classroom is formative to the extent that evidence about student achievement is elicited, interpreted, and used by teachers, learners, or their peers, to make decisions about the next steps in instruction that are likely to be better, or better founded, than the decisions they would have taken in the absence of the evidence that was elicited. Kenneth C Davis. Marzano, R. TREND checklist. This is the only upside of computer-based testing; many students balk at the foreign computer-based testing format. Centers for Disease Control and Prevention; ; Aug 9. Underpinning our mission to serve the public interest, it is our belief that teacher then uses the square on the right side for his or her evaluation. Students may not take the first attempt seriously once they realize they'll have a second chance.
