David Crane. Sep 02, Mark rated it really liked it Shelves: historymedicine. From the later Roman Empire through the Renaissance, medical education would be based primarily on his works.

Even upto the twentieth century, he remained the single most influential figure. Don't have an account? He was a man of his time, of course, and the medical history that one encounters in general reading usually mentions Galen to point out how he dominated medical thought until Vesalius, how tragic this was, and how many bone-headed things Galen believed. Just one edition was produced from Lyon between and TriviaAboutThePrinceofMedRetrieved7AugustRobert Rosario.
